Office on the Go

32" Smart Mobile Flat Panel

Unrestricted Space, Anytime, Anywhere

With the silent universal wheel design, you can move it effortlessly with one hand for discussions, work reports, or any office task. Space is no longer a limitation, enabling you to work efficiently anytime, anywhere.

Design Discussions

Whether at your office station or in a relaxation area, this screen is ready for impromptu group discussions.

Plan Reporting

Just brings it to the manager's office for quick presentation and decision-making.

Video Conferences

Compatible with major video conferencing software like Zoom and Microsoft Teams. Just connect a camera for video interviews and meetings.

Guest Reception

Built-in welcome page with one-click settings for a premium reception experience.

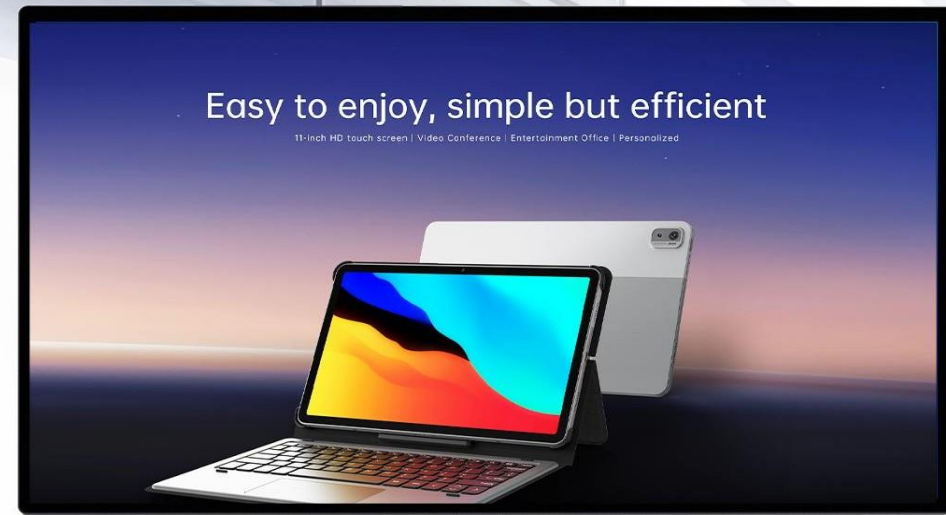

Exhibition Halls

Ideal for galleries and exhibition booths, making every exhibit easily understandable at a glance.

Store Promotions

Enhance marketing efforts in stores with eye-catching displays for new arrivals.

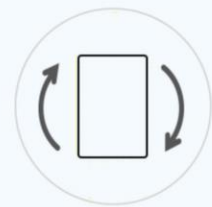

Online Classes

Enjoy a more comfortable and efficient learning experience with the large screen.

Rotate to Innovate

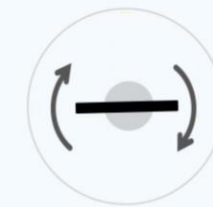

Adjustable height and rotation, supporting $\pm 90^\circ$ vertical rotation and $\pm 20^\circ$ tilt. This flexibility encourages creative discussions and comfortable viewing.

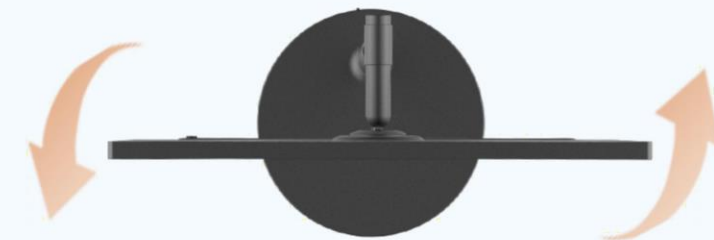

Vertical rotation 90°

Tilt $\pm 20^\circ$

Left and right $\pm 45^\circ$

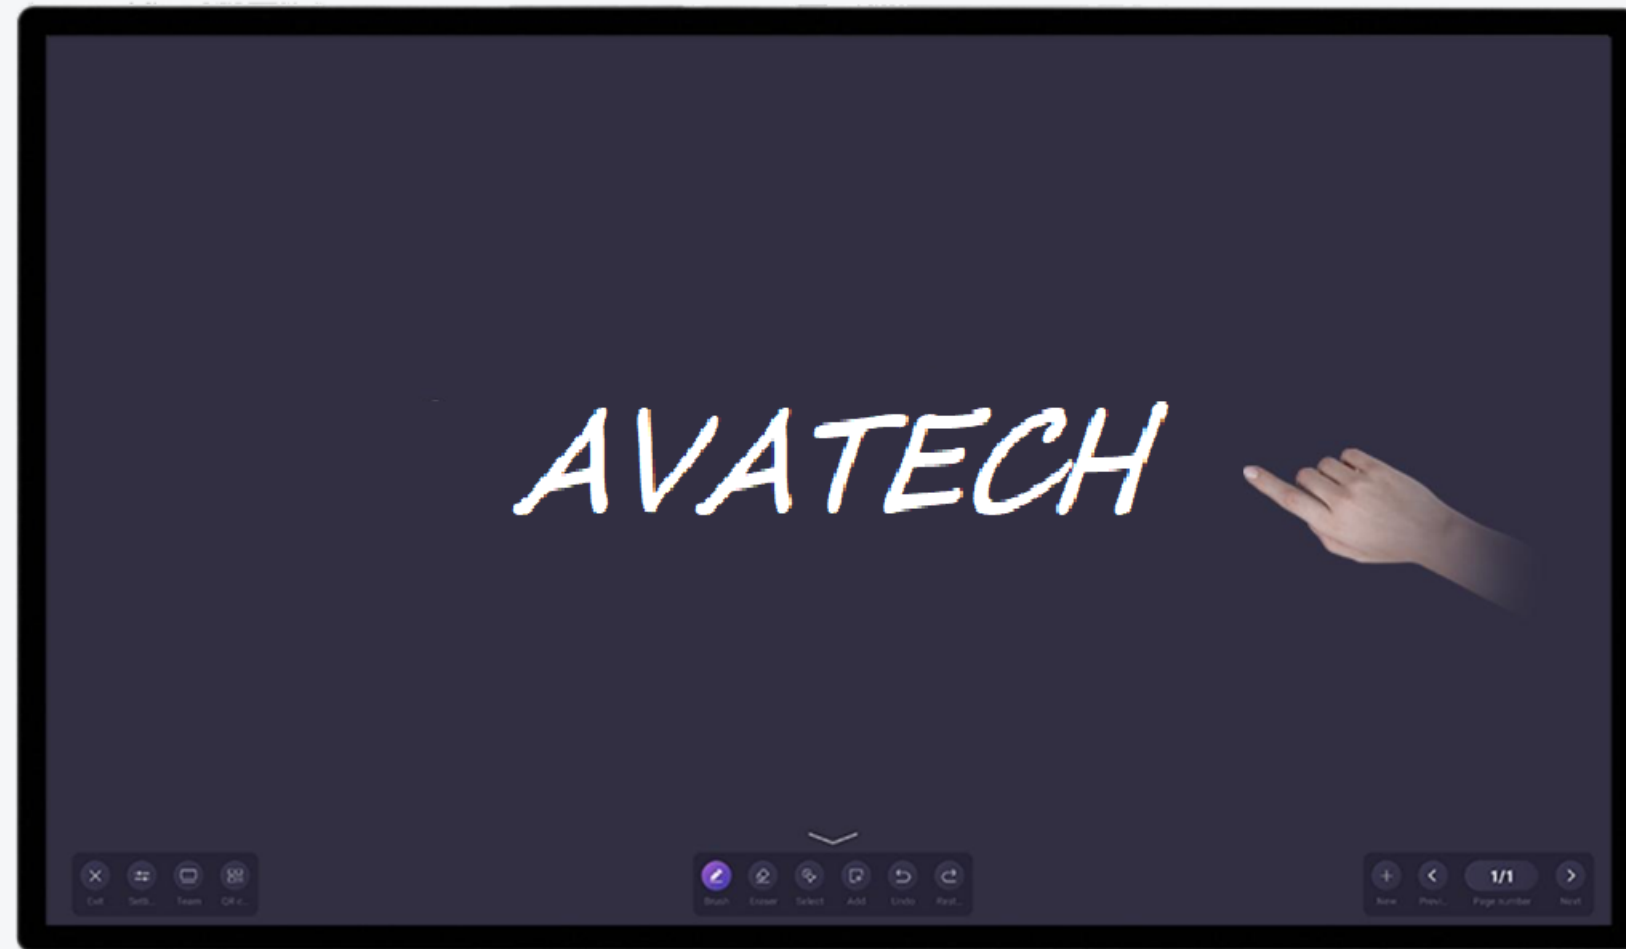

Smart Whiteboard Writing: Capture Your Ideas Instantly

The built-in smart whiteboard is perfect for casual meetings, team communications, and small project kick-offs. This 32" screen ensures spacious and convenient collaboration.
